HELP MAKE COMPETITIVE SHOOTING SPORTS LAST FOR GENERATIONS

One of the best ways to permanently secure the future of competitive shooting is to give gifts to help permanently endow it. This is why John Sigler, 2007-2008 NRA President, established both the NRA and the NRA Foundation Competitive Shooting & National Championships Endowments as an important priority. These endowments help ensure the continued operation and growth of competitive shooting and national championship events.

An endowment is a permanent fund that produces investment income. The permanent fund is never touched – only a portion of the fund's earnings are used for qualified programs. Earnings in excess of funds used for program purposes are reinvested to ensure the fund's growth, thus providing a source of annual income in perpetuity. In the case of the Competitive Shooting & National Championship Endowments, the collective gifts will work together to sustain and grow competitive shooting programs.

Both the NRA and the NRA Foundation have established a Competitive Shooting & National Championships Endowment, and a gift can be made to either, depending on your tax needs. Gifts to the NRA Foundation are deductible for tax purposes, while gifts made to the NRA are not tax deductible. Your gift to either Competitive Shooting & National Championships Endowment will benefit eligible NRA-supported Competitive Shooting programs, including: competitions, junior programs, volunteer activities, postal matches, and disabled shooting services.

Everyone involved in the National Matches must understand that in accordance with NRA Pistol Rule 11.1 and 11.4, the NRA Match and Range Directors have complete authority to make any changes they deem necessary in order to ensure that the competitions are run smoothly and safely. FIRED TARGETS

SCORECARDS

Scorecards are provided to each competitor in the competitor packet. Upon receipt of the packet, each competitor should check immediately to be sure that a complete set of scorecards is enclosed. Each competitor must make certain that the correct scorecards are used for each day's firing.

DO NOT cross out match numbers and substitute others. NRA championship scorecards are provided in sets, as a booklet. If the scorecards are removed one by one, there should be no incorrect scorecards used,

as the booklet is set up in the order in which the matches are fired. Failure to use the proper scorecard will result in a score of "0."

All scorecards and team cards used in the matches must be labeled with self adhesive labels supplied in each competitor's packet. Make certain that you place your labels on your scorecards before you go to the range. Unidentifiable scores will not be used. Do not use felt-tip pens to fill out scorecards.

All scorecards must be turned in to a Line Official within 10 minutes of completion of firing a match. Failure to do so may disallow that score for awards. Competitors who appear at the firing line without scorecards will be required to purchase blue substitute scorecards at a cost of \$5 per scorecard. It is the competitor's responsibility to have the correct change.

When signing scorecards, the competitors must remember they are signing for the value of each shot indicated on the card. Each competitor is responsible for their scorecard. See NRA Pistol Rule 18.14.

SCORING

Competitors will perform scoring after each 10-shot string. Each competitor will score the target to the left, except for those firing on the first target on a line, whose scoring duties will be performed by National Match personnel. In Team Matches, each team must supply a scorer for another team. The decision of the Scoring Referee is final.

USE OF SCORING DEVICES

Competitors acting as scorers may use standard NRA overlays. See NRA Pistol Rule 14.3.1.

TIES

A shoot-off will be conducted to determine the winner of a match where an unbreakable tie exists. Ties for class and category awards in matches will be broken in accordance with NRA Pistol Rulebook Section 15.

CHALLENGES

Each competitor should check their scores as they are posted on the bulletin board at Building 950 to verify accuracy. Unless otherwise noted, scores posted are preliminary and do not necessarily reflect the final standings and/or awards won. If you feel your score, class, or category are not correct, it is your responsibility (Team Captain for team matches) to report this to the Statistical Office prior to the close of the posted challenge period for that match. See NRA Pistol Rule 18.13.

Any errors must be reported to the Statistical Office prior to closing of the match challenge period. Go to the Statistical Office and explain the discrepancy. The challenge will be processed and corrections made if warranted.

It is the competitor's responsibility to make certain that the scores posted are correct. Failure to check scores within the time limit will result in the penalty of losing the privilege of any further challenge. It is the Statistical Office's responsibility to correct scores prior to the end of the challenge period. After the challenge period, the competitor accepts the responsibility for scores posted.

Competitors and Team Captains wishing to make a challenge or protest are referred to NRA Pistol Rulebook Section 16. Persons other than competitors and Team Captains (in team matches) only are not eligible to make challenges or protests. In addition, Team Captains may not enter either protests or challenges for an individual competitor in an individual Challenge Period.

Statistical Office Challenges must be based on the scores posted on the bulletin board and made prior to the expiration of the challenge period posted for each match and aggregate. A competitor who fails to challenge within this period forfeits the right to challenge. See NRA Pistol Rules 16.1 and 16.4.

CHALLENGE PROCEDURE

If the competitor disagrees with a shot value announced by the scorer or displayed value of the shot, the competitor may challenge the score. See NRA Pistol Rule 16.1.

All scoring challenges must be made immediately on the range. Corrections to Preliminary Bulletins will be made at the Statistical Office at the Challenge Window within the time period noted. See NRA Pistol Rule 11.6.3.

Scores posted after 6 pm will have the challenge period close at 9 am the following day. All scores for each match will be posted at one time, not by relay.

Team Matches (per challenge)	\$10

- State the complaint orally to the Range Referee on the range where the incident occurred.

MATCH CANCELLATION BY MATCH DIRECTOR

If the Match Director cancels any individual match(s), entry fees will not be refunded. However, entry fees for canceled team matches will be refunded to Team Captains only, by mail, after the National Matches are completed. MONETARY AWARDS

W9 information will be electronically collected and automatically verified during the registration process through a secure verification website. Registration cannot be finalized without filling out the requested information and verification being completed, or selecting the opt-out option.

If a competitor opts-out of W9 verification, they will be forfeiting any potential monetary awards for the Championship. The W9 opt-out selection is irreversible if not completed by the close of Registration.

The National Rifle Association continually strives to achieve full compliance with all tax laws and regulations. NRA Financial Services conducts a review of all NRA competitions where a tax event might occur. A tax event occurs when a competitor wins a total amount of at least \$600 in cash or merchandise. An IRS Form 1099-Misc is issued to all competitors whose total winnings are at least \$600 in a calendar year regardless of age. Should you have questions please call NRA Finance at 703.267.1652.

TROPHIES

All trophies awarded in the National Pistol Championships are the property of the National Rifle Association of America. Unless otherwise noted, the NRA retains possession. Winners are awarded trophy plaques for their permanent possession. Any merchandise awards presented are donated.

FIREARMS AWARDS POLICY

No firearms will be awarded to junior competitors or Junior Team Captains who are not of legal age to receive the firearm directly from the FFL holder.

INTERNATIONAL COMPETITORS

International competitors will be exempt from the electronic W9 collection process. They will be required to complete a form W8 upon arrival and will be taxed 30% on awards regardless of amount won. Trophies, plaques, medals, badges, and registration materials are exempt from this tax.

Preliminary awards bulletins will be posted in Building 950. An official copy of the final results will be available on-line at <https://competitor.nra.org/public/ChampionshipResults.aspx>.
